Parent Questionnaire

Your answers to these questions will help you identify the strengths in your children-and guide you toward a stronger family and stronger kids.

Please respond to each of the questions below for each of your children. If you're not sure of an answer, make your best guess. For younger children, some questions may not be as relevant. If you find this to be the case, simply choose the closest option and move to the next question. (You'll have opportunities to learn more in conversations with your teenagers after everyone has completed their questionnaires.) Your honest responses to the questions will set the stage for meaningful and important conversations with your teenagers about things that really matter.
